SATURDAY, NOVEMBER 3, 1962

*Some of the breed's greatest bulls
are in service in Pike County*

Their sons and daughters make up this sale offering.

Their service is a special attraction.

Pictured above is the supreme champion of the first Canadian International Bull Sale at Toronto. He is Acadia Napoleon 53d by the \$25,000 Kinellar Napoleon. The bull sold to Charles Harness and Son, Middletown, Missouri. He is being used on daughters of the \$6,000 imported Findowrie Augustus that was a second prize bull at Perth and won consistently at the 1959 shows for Les and Gene Mathers.

CALF CLUB SALE

About 12 Club Calves will sell starting at 12:15 p.m. We are not certain of the exact number, since we solicit club calf entries right up to the time of the sale.

Scene at Fairmead Farm, Bowling Green, Missouri

From the Sale Manager...

Pike County, Missouri, has been an outstanding source for improving Shorthorns for more than 90 years. We cannot be certain of the exact year that this sale was established because it is older than the breed magazine (which was established in 1917). We do know that the Pike County Shorthorn Sale was flourishing at least 50 years ago. Nowhere in the nation will you find more outstanding Shorthorn herds within a 50-mile radius.

Nowhere in such a concentrated area will you find such outstanding sires. The sons, daughters, and service of bulls from Scotland, Canada, and the United States are featured in this sale. These bulls have proved themselves in the show ring and in the pasture by siring calves worthy of their heritage. Pike County is no place for a second-rate herd sire, and you won't find one there.

This sale offering is the result of years of effort and friendly rivalry among the consignors. This year's cattle will match any in the long history of the sale.

DON LONGLEY, Sale Manager
The Shorthorn World
Aurora, Illinois

Show and Sale Classification

This show is co-sponsored by the Department of Agriculture and the Pike County Shorthorn Breeders' Association. The ribbon and cash awards provided by the State Department of Agriculture have been made possible through an appropriation by the Missouri Legislature. The funds have been appropriated to encourage the production, distribution and use of superior breeding animals in Missouri.

All animals will be placed and graded by a competent judge. Grade designation and distribution ribbon awards are as follows:

Grade A (Superior) — Blue Ribbon:

The animals would fit into any top purebred herds anywhere. They are correct in type, size, quality, breed character, etc.

Grade B (Good) Red Ribbon: These animals are good enough to improve a large percentage of purebred and commercial herds.

Grade C (Medium) — White Ribbon:

These animals are average for the breed.

Grade D (Unclassified) — No Ribbon:

These animals are undesirable breeding animals.

JUDGE: Charles Bright, Shaw's Pleasant Acres, Trimble, Mo.

MACBETH PAYMASTER 9th is the best bull we have ever offered. He stood second at the 1962 Missouri State Fair. Les Mathers recently complimented his good head. He also has depth, smoothness and lots of bone. His sire, Morphie Paymaster, sired six calves that averaged \$1,600 in the 1960 Leveldale sale. See him and study his pedigree.

Morphie Paymaster was reserve junior champion at Perth in 1958. Two sons of this great imported bull sell as Lots 1 and 2.

MACBETH PAYMASTER 12th is another good son of Morphie Paymaster, Perth reserve champion. He has bone and quality to burn. His dam produced the junior champion at Missouri in 1960. She has another calf now that looks like a winner. Many think Paymaster 12th is as good as his half brother that was junior champion at Sedalia.

Why Breed Mediocre Cattle?

... when cattle like these can be purchased for reasonable prices.

Backed by generations of constructive breeding, the cattle that go into the Pike County Sale have been acclaimed by good breeders from all sections of the country. Attend this sale. See how with just a small additional investment, you can pay for a top young bull or a foundation type female by shipping a worn-out cow or mediocre producer to market. Great herds are built by this kind of consistent upgrading. The time is now.

Combine your shipments . . .

The Pike County Sale is followed by the Mathers sale on Monday and the "Best of Midwest" sale on Tuesday. We can combine purchases in these sales for shipment. If you need transportation to or from any of the events during this great sale series, contact Don Longley, 16 South Locust Street, Aurora, Illinois.

Macbeth Metaphor, reserve grand champion of 1960 Pike County Show and Sale, purchased by C. G. Foltz, Colchester, Illinois.

Pike County — famous for Shorthorns since 1870

For more than 90 years there has been an active group of Shorthorn breeders at work in Pike County. They have been diligently promoting Shorthorns and breeding top cattle. For generations Pike County has been known as a source of the kind that can strengthen herds everywhere.

All you need do is study the list of sires currently heading these herds. In almost every instance they were brought to Pike County at prices from \$2,000 to \$7,000. They include bulls imported from Scotland and Canada as well as the cream of American herds. They are sires that have won many championships and that are producing outstanding sons and daughters.

Experienced Shorthorn breeders recognize the unusual opportunities offered in Pike County Sales where the best productions of these herds are sold annually. A list of those who have purchased in Pike County Sales would include a great percentage of the strongest herds from a wide area. Men who get around and who know good cattle and the best values regularly appear on the lists of Pike County buyers. They, like scores of others, recognize the unusual opportunities offered here each year.

Take A Look . . . at these ranch results

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess—he weighed the calves.

THE BOX SCORE

Sire	No. Calves	Avg. Weaning Weight	Total Pounds
Shorthorns	47	330 lbs.	15,510
Polled Hereford	34	306 lbs.	10,404
Angus	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality beef. That's why he now is convinced of the advantages and reliability of Shorthorns. You, too, can harvest this kind of crop by using Shorthorns.

Top-selling female in 1961 was Augusta Mary G, consigned by Fairmead Farms. She sold with a bull calf at foot, typical of Pike County values. Fairmead consigns four head this year. (Cathood photo.)

The Club Calves . . .

Don't overlook the blue ribbon quality club calves selling at 12.15 p.m., just prior to the auction of breeding cattle. They are from the same bloodlines as the bulls and females in the sale. Similar calves have won for their exhibitors in the past. They can do the same for you.
